

Subject: Inviting Quotation for Child Labour Survey report

YASHADA will be conducting survey of child Labour in 20 districts of Maharashtra as per the request of Labour Department of the State. The objectives of the survey are as follows:

1. To enumerate the child labour below 14 years of age (a child doing any work)
2. To enumerate the adolescent labour below 18 years of age (adolescent working in hazardous occupation as given in the Child and Adolescent Labour (Prohibition and Regulation) Act, 1986, amended in 2016)
3. To map the establishments employing the Child and Adolescent labour (CAL) with the help of GIS mapping

The survey will be conducted tentatively in October, November and December 2017. The survey will be conducted by android based software and hence the data will be immediately available. The next stage is to clean the data and prepare the report.

The department does not want any academic kind of report, but number and list of child labour, occupation wise, district wise, age wise, gender wise, cast wise, religion wise etc. (and If any other classification is important and asked by labour department). The important findings have to be indicated in bulleted form or in small paragraphs. The report should include appropriate charts, graphs etc.

There will be 20 separate reports for 20 districts and one report for the State. All the reports will not exceed 10 pages.

We hereby invite the quotation for writing and editing the report. **PI quote the amount per district.** You can send the quotation, with your CV, by 31st August on following mail.
