- 2.18.6 The Purchase committee shall also analyze that there is no collusive or fraudulent practice involved in the entire tendering process amongst all the tenders received.
- 2.18.7 The technical scrutiny shall be on the basis of submitted substantiation documents.
- 2.18.8 Any tender during the evaluation process not meeting the tender conditions laid down in the tender document will be declared as not acceptable and such tenders shall not be considered for further evaluation.

#### **2.19 a) Envelope No. II (Price Bid)**

**The bidder should quote his offer through Envelope No. II. As per Annexure-A The bidder should not quote his offer anywhere other than directly or indirectly. Conditional bid will not be accepted. The rates quoted should be excluding GST and inclusive of other levies, duties etc.**

### 3. Evaluation Process of Tender.(QCBS Method)

Under QCBS selection, the technical proposals will be allotted weightage of 70% (Seventy per cent) While the financial proposals will be allotted weightages of 30% (Thirty per cent). Proposal with the lowest cost may be given a financial score of 100 (Hundred) and other proposals given financial scores that are inversely proportional to their prices w.r.t. the lowest offers. Similarly, proposal with the highest technical marks (as allotted by the evaluation committee) shall be given a score of 100 (Hundred) and other proposals be given technical score that are proportional to their marks w.r.t. the highest technical marks. The total score, both technical and financial shall be obtained by weighing the quality and cost scores and adding them up. On the basis of the combined weighted score for quality and cost, the Agency shall be ranked in terms of the total scores obtained. The Agency proposal obtaining the highest total combined score in evaluation of quality and cost will be ranked as H-1 followed by the proposals securing lesser marks as H-2, H-3 etc. The Agency proposal securing the highest combined marks and ranked H-1 will be invited for negotiation, if required and shall be recommended for award of contract. In the event two or more bids have the same score in final ranking, the bid with highest technical score will be H-1.

In such a case, an Evaluated Bid Score (B) will be calculated for each responsive Bid using the following formula, which permits a comprehensive assessment of the Bid price and the technical merits of each Bid

$$B = \left[ \frac{C_{low}}{C} \right] * 100 * X + \left[ \frac{T}{T_{High}} \right] * 100 * (1 - X)$$

Where

- C = Evaluated Bid Price
- C Low = the lowest of all Evaluated Bid Prices among responsive Bids
- T = the total Technical Score awarded to the Bid
- T high = the Technical Score achieved by the Bid that was scored best among all responsive Bids.
- X = weightage for the Price as specified in the BDS

The Bid with the best evaluated Bid Score (B) among responsive Bids shall be the Most Advantageous Bid.

As an example, the following procedure can be followed. In a particular case of selection of Agency, it was decided to have minimum qualifying marks for technical qualifications as 75 (Seventy Five) and the weightages of the technical bids and financial bids was kept as 70:30 (Seventy: Thirty). In response to the RfP, three proposals, A, B & C were received. The technical evaluation committee awarded the following marks as under:

- A: 75 Marks
- B: 80 Marks
- C: 90 Marks

The minimum qualifying marks were 75 (Seventy-Five) Thus, all the three proposals were found technically suitable. Using the formula  $T/T$  high, the following technical points are awarded by the evaluation committee.

A:  $75/90 = 83$  points

B:  $80/90 = 89$  points

C:  $90/90 = 100$  points

The financial proposals of each qualified Agency were opened after notifying the date and time of bid opening to the successful participants. The price evaluation committee examined the financial proposals and evaluated the quoted prices as under:

A: Rs 120

B: Rs 100

C: Rs 110

Using the formula  $C \text{ low}/C$ , the committee gave them the following points for financial proposals

A:  $100/120 = 83$  points

B:  $100/100 = 100$  points

C:  $100/110 = 91$  points

In the combined evaluation, thereafter, the evaluation committee calculated the combined technical and financial score as under:

Proposal A:  $83 \times 0.30 + 83 \times 0.70 = 83$  points

Proposal B:  $100 \times 0.30 + 89 \times 0.70 = 92.3$  points

Proposal C:  $91 \times 0.30 + 100 \times 0.70 = 97.3$  points

The three proposals in the combined technical and financial evaluation were ranked as under

Proposal A: 83 points : H-3

Proposal B: 92.3 points: H-2

Proposal C: 97.3 points: H-1

Proposal C at the evaluated cost of Rs. 110 (Rupees One hundred and ten) was, therefore declared as winner and recommended for negotiations /approvals, to the competent authority

It may be noted that the proposal securing the highest combined marks and ranked H-1 will be invited for negotiations, if required and shall be recommended for award of contract
